Voices of "We the People":

- ✓ I was looking for an honest fresh approach to fill the "people's seat" in congress. I knew we needed change, not just someone who would spew the same old rhetoric but

somebody that actually rose from the grass roots of America.

When I met Kevin Wade and heard him speak at a 9-12 Patriots' meeting, I instantly knew that this was the guy that would take charge and form a coalition of congressmen that felt the same way that he did about America and its people.

I knew that Kevin meant what he said and said what he meant. He didn't care what was popular; he just cared about America and its people. I knew that this was a person that I could support to represent the people of our state.

Kevin's covenant with the people of Delaware further convinced me that this was the man who would take the lead, even as a freshman congressman, and help change things for the better in America.

I was convinced to the point of volunteering my talents as a writer to help in whatever position that Mr. Wade needed me to fill.

Kevin's Covenant with...*We The People*:

I WILL...

- ✓ **L**imit myself to 3 terms and no more. I go to Washington to work for Delaware and not to work to build a political career.
- ✓ **A**cept no raise. It's the People's money!
- ✓ **E**xplain every vote at a website for all to see.
- ✓ **N**ever support a bill that overreaches the Constitution.
- ✓ **N**ever vote for a bill that weakens the Bill of Rights; including the 2nd Amendment.
- ✓ **I**ntroduce a bill to sell the fleet of executive jets used by Congress.
